

Topics covered *by the research teams*

(January 2014)

Research units and teams are mentioned on the following chart in order of appearance in this document.

1. Economic, organizational and social dynamics
2. Farming and livestock production systems
3. Wild and cultivated biodiversity and natural resource management
4. Support and public policy

The 'page' column indicates where the unit is presented. Red dots (●) indicate the main topics focused on by the research teams, while black dots (●) indicate secondary topics in which the teams are also involved.
